

Compliance with DFARS 252.225-7009

Certain Articles Containing Specialty Metals

Products manufactured by Climax Metal Products Company are compliant with 48 CFR §252.225-7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals of the Defense Federal Acquisition Regulation Supplement (DFARS).

Raw materials purchased by Climax Metal Products Company, and utilized to manufacture certain products for U.S. Government contractors, including shaft collars and couplings, comply with 48 CFR §252.225-7008, Restriction on Acquisition of Specialty Metals, because any specialty metals utilized are procured from a domestic source or from a source located in a covered country. Where the raw materials utilized are not considered specialty metals as defined by the regulations, 48 CFR §252.225-7009 does not apply. Specifically the regulations do not classify carbon steel, aluminum and Nylon as specialty metals.

Where the product is a commercially available off the shelf item (COTS) that is a cataloged stainless steel part, the requirements of 48 CFR §252.225-7009 regarding restrictions on specialty metals in certain articles, does not apply.

Climax Metal Products Company will continue to review its regulatory compliances and update appropriate documentation as necessary.

Feel free to contact us if you have any further questions.
